

IT'S TIME FOR WISCONSIN TO GET SMART ON JUSTICE

WHAT DOES SMART JUSTICE IN WISCONSIN LOOK LIKE?

- Smart Justice looks like an end to crimeless revocation
- Smart Justice looks like an end to mass incarceration
- Smart justice looks like investing in people, not prisons

WHAT WE'VE ACCOMPLISHED

- Over the last year, we achieved two of our campaign goals by expanding the Earned Release Program and expanding the Treatment Alternatives and Diversion Program.
- In 2020, the ERP had the largest graduating class ever — 2,122 graduates and the new biennial budget expanded funding for TAD by \$2.5 million.

HOW CAN YOU HELP?
